INSTRUCTIONS FOR GETTING STARTED IN THE NC COMMUNICABLE DISEASE COURSE

Course Instructions

"Introduction to Communicable Disease Surveillance and Investigation in North Carolina"

1. Establish a free account with Wake AHEC. Go to www.MyAHEC.net. Choose "create an account". Make sure you save your password. If you already have an established account via any of the other AHECs across the state or with Wake AHEC you will not have to set up a new account. By setting up an account in advance, you will simplify your registration process. Register for the NC CD Course by going directly to the registration link.

   https://www.wakeahec.org/coursecatalog/casce_courseinfo.asp?cr=53083

2. The pre-test is a way to gauge your baseline knowledge. You are not expected to know all of the answers, so give it your best shot! You will most likely see these questions again during the course!

3. Please take the course in sequence. Wake AHEC will award credit once you have completed all sessions. **No partial credit will be awarded for this course.**

4. Always allow yourself a few extra minutes to complete the "knowledge checks" at the end of each unit.

5. Registration for the NC CD Course will be open continuously. You should however plan to complete the online CD course within 6 months of registration. It is estimated that will take 14 hours to complete. Fourteen (14) contact hours will be awarded for completion.

6. After the last lecture and quiz in Unit 14, you will receive a link to complete the course evaluation. At the end of the evaluation, you will be directed to a form that you will fill out online verifying that you have completed all 14 modules and requesting that Wake AHEC send you the link to the post test. Once you submit the form, you will receive the link to the posttest within two business days. **Please allow yourself 1 ½ hours to complete.** The post-test is open book, and use of internet resources is permissible as well. We just ask that you do not confer with others while taking the test. Completion with a score of 80 is required to receive credit for the course. Your certificate of completion will come from Wake AHEC.
