North Carolina Electronic Disease Surveillance System

NC EDSS News

NC EDSS Production Environment

The NC EDSS System is operating normally.

Note that ALL COVID-19 events and activities are now in the separate NC COVID instance. All COVID work must be done in the NC COVID site only.

The URL for the NC COVID instance is:

<https://nccovid.dph.ncdhhs.gov>.

NCEDSS may be unavailable between 10AM and 12 Noon on the 1st and 3rd Sundays of each month.

Welcome to the North Carolina Electronic Disease Surveillance System (NC EDSS), a secure site for North Carolina healthcare workers. NC EDSS is provided by the [North Carolina Division of Public Health](#), a division of the [North Carolina Department of Health and Human Services](#).

Maven 6 Splash Page Cont..

The screenshot displays the Maven Disease Surveillance Suite - TEST interface. The main dashboard includes three primary panels: Recent Events, Workflows, and Tasks. Each panel has a bookmark icon and a refresh icon. An inset window titled 'Workflows' shows customization options for the Workflows panel, including 'Workflows to display' (set to 10), 'Show empty workflows' (unchecked), 'Show assigned count' (checked), and a 'Title bar color' selector. The inset also shows a table of workflows with columns for 'Bookmark', 'Workflow Name', 'Events', and 'Assigned'.

Workflows pane (v5 previous screen):

- List 5 Workflow Queues on the main Splash page
- Access workflows by clicking on the **More** hyperlink or by clicking on the workflows icon

Maven 6 Workflows

The screenshot displays the Maven Disease Surveillance Suite - COVID-19 UAT interface. The top navigation bar includes a search field and a user profile dropdown. The main content area is divided into several sections:

- Recent Records:** A table with columns for Bookmark, Event ID, Name, and Disease. An orange arrow points from this section to the Workflows pane.
- Tasks:** A table with columns for Type, Priority, Name, and Disease.
- Workflows:** A table with columns for Bookmark, Workflow Queue, Events, and Assigned. An orange circle highlights the 'Edit' button in the top right corner of this pane. A 'More...' button is also visible at the bottom right of the table.
- Quick Links:** A section containing links to NCDSS Links, Communicable Disease Manual, NC EDSS Training and Documentation, North Carolina Immunization Registry, and North Carolina State Laboratory of Public Health Clinical Lab Results.
- Calendar:** A section for viewing the calendar.
- Help Desk:** A section for accessing the help desk.

The status bar at the bottom indicates the user is in the Test Environment for Maven Disease Surveillance Suite - COVID-19 UAT.

Workflows pane (New v6 screen):

- Customize Workflows and use the Bookmark option
- Choose between 5–50 workflows to be listed in the workflow pane
- Access workflows by clicking the More hyperlink or by clicking on the workflows button on the Navigation Menu pane

Maven 6 Event Summary Page – Notes

The screenshot displays the Maven Disease Surveillance Suite - TEST interface. At the top, there is a navigation bar with a home icon, a help icon, a refresh icon, and a search bar labeled 'Enter Event ID'. To the right of the search bar are buttons for 'Search' and 'Test Army'. Below the navigation bar is a toolbar with various icons for document, search, print, settings, checkmark, group, share, pie chart, speech bubble, and pin. The main content area is titled 'Event Summary' and contains two panels: 'Basic Information' and 'Notes'. The 'Basic Information' panel is a table with the following data:

Basic Information	
Event ID:	103815250
Disease:	Chlamydia (200)
Name:	Smiley Smithey
Birth Date:	01/01/1980
Age:	44
Gender:	Male
Home Phone:	(919) 888-1111
Type:	Interactive
Investigation Status:	Open
Linked Events/Contacts:	0 (View)
Attachments:	0 (Add)

The 'Notes' panel is titled 'Notes' and contains a single note: 'Test Amy - (Generic) 03/05/2024 12:51 PM' followed by 'Called to investigate.' The note is enclosed in a rounded rectangle with an orange border. To the right of the note title are icons for a pencil (edit) and a person (user).

New v6 screen

- To Add/Edit Notes: Click the Pencil icon  , the Add/Edit Notes page will populate
- You can not edit other users notes but can edit your note if it was the last note added
- By clicking the Person icon  , the Notes page will populate, and users can see only their note(s)

Demonstration

Things to know

- The Maven 6 version release is planned for May 2024.
- Active users will receive an email with a new link.
- The Maven 5 site will direct users to Maven 6 during the transition phase.
- Users are required to attend a training to ensure they remain active in NC EDSS after upgrade.
- Make sure you log in at least once every 90 days to ensure your account does not get deactivated.
