Only your Medicare card and number are changing

- Your Medicare benefits stay the same
- **Your Social Security Number stays the same**
- Any enrollments in Medicare Advantage, Part D prescription plans, and Medigap (Supplemental) policies don't change—keep those plan cards

Keep your Social Security Card in a safe place

When do I start using my new Medicare Card?

- Start using your new card as soon as you get it
- Beginning January 1, 2020, you can only use the new Medicare card and new number

What if I belong to a Medicare health plan (like an HMO), or a Medicare drug plan?

- You'll still get, and should keep the new Medicare card
- Be sure to destroy your old red, white, and blue Medicare card, but **don't destroy your plan's card**
- You should continue to use your health or drug plan's card when you get health care or fill a prescription

Destroy your old Medicare Card, but not your plan's card

How can I protect myself and Medicare from fraud?

- Don't share your Medicare card with anyone—treat it like a credit card
 - Don't carry it unless you need it
 - Keep it in a safe place
- Scam artists may try to get personal information by contacting you about your new card
- If someone asks you for your information, for money, or threatens to cancel your health benefits if you don't share your personal information, hang up
