

Sharing Events in NCEDSS & NC COVID

If a patient has moved to another county and you need to share an event assigned to your group with another LHD group, here are the steps you can follow.

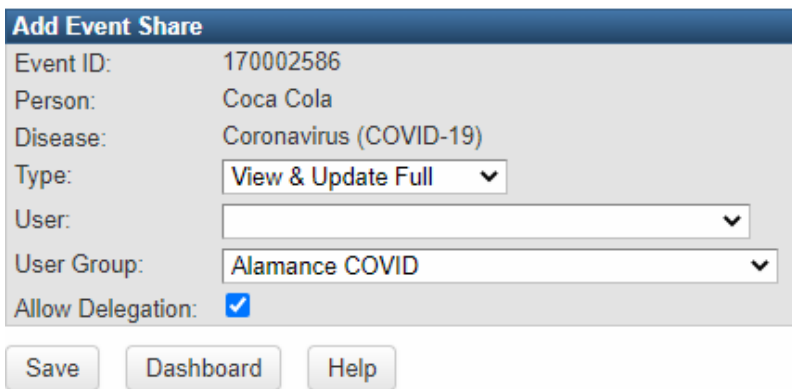

Steps to Share an Event

From the Event Dashboard, click the “Share Event” icon

In the Event Share, select the Type ‘View and Update Full’

In the Event Share, select the appropriate User Group.

*Do not select a specific user, always share with a group
